Jeff,

I am unable to edit on my BB and am on the road today. I have copied Mary and look to her and Ben to edit.

It would be best if we have Robin note in answer 1 how epa has ongoing efforts to be transparent by posting documents online.

I concur with no. 2.

Jeff:

See attached proposed responses to Ms. Kerry DeGregorio's verbal inquiries regarding West Lake Landfill. Ms. DeGregorio is the Constituent Advocate for Sen Blunt's office. Also attached is a copy of her business card along with the cards for the other congressional staff that attended Monday's CAG.

St. Louis District also mentioned that Ms. De Gregorio requested an opportunity to meet with them next week in St. Louis. I do not know what topics she wanted to discuss or if they involve West Lake (might be FUSRAP-related). I am trying to get clarification. Will confirm if this meeting request is regarding West Lake. If so, I will coordinate through you regarding EPA and USACE participation.

Thanks,
